

April 2009

Tennis Legend - Mr. Jiri Novak Becomes the latest: "X-Man"!

>From 1993 when he officially turned Professional, until his saying good-bye to the ATP World Tour in 2007, Jiri Novak delighted tennis fans Globally with his amazing abilities on the tennis court - even more so impressive...he was/is a true representation of the term; "Professional".

Beloved around the world for always having a big/sincere smile when asked for an autograph or picture, and then in an instant, he turned into a threatening: "down-the-line-backhand-warrior" to all of his ATP opponents!

Jiris stellar ATP Career left him with a Singles record of: 337-260, and with 7-Titles. His best ATP Singles Ranking was in 2002 @: #5!

Not only a Singles sensation, Doubles was always a focal point for him, and in his career he amassed a sensational career record of: 311-211, and with 11-Titles. His best ATP Doubles Ranking was in 2001 @ #6!

OK - so yes, he had an amazing career that everyone would envy - however what always has been his strongest part of his tennis game, are his tireless personal efforts to without financial, etc expectations, unselfishly give back to the Game he so loves!

Splitting his time with living a few months in Florida, and then returning back to CZE, his focus is now on his family, but still remaining VERY competitive - he will be playing Bundesliga matches - plus many Exhibitions throughout Europe - all with a big, bold "X" on his favorite strings - Poly Force 17/1.24mm & also keeping a tight grip on his "string-holder" with the exceptional performance of the PACIFIC xTR over-grip.

A true Legend of the Game and so at every level - PACIFIC is proud to announce this exciting cooperation with Mr. Jiri Novak!
